Description

The Mirage-X sliding shower door from DreamLine has a remarkably innovative design with the DreamLine exclusive top L-bracket. Most sliding shower doors require substantial aluminum framing, but the Mirage-X shower door minimizes the hardware to deliver a cutting edge design with the look of custom glass but at a fraction of the cost. With an anodized aluminum U-channel profile, the Mirage-X sliding shower door also offers a flexible installation. Complete your bathroom with the beautiful frameless design of the Mirage-X sliding shower door. DreamLine has the ultimate solution for your shower project.

Features

- **IMPORTANT!** All measurements should be taken only AFTER walls are finished (tile, back walls, etc.)
- Anodized aluminum U channel profile allows a 3/8" out-of-plumb adjustment on stationary panel side
- Width adjustment: Anodized aluminum bottom guiderail can be trimmed up to 4"
- Frameless glass design
- Model consists of one stationary panel and one sliding door panel
- 3/8" (10mm) thick ANSI certified clear tempered glass
- Hardware available in Chrome or Brushed Nickel finish
- Right or Left wall installation available
