ALL OUR MAJESTIC DIRECT VENT GAS FIREPLACES OFFER GREAT FEATURES INCLUDING

WIDE VIEWING AREAS

Designed to deliver a beautiful flame picture, all of our fireplaces provide an expansive view of the fire that will delight friends and family.

WARMTH AND COMFORT

No matter which style you choose, you can depend on Majestic fireplaces to deliver ample BTUs to help heat your home for years to come.

EXCLUSIVE SIGNATURE COMMAND™ SYSTEM

Enjoy the ultimate in fireplace control, featuring a touch screen remote* and 3-step flame height adjustment. With electronic ignition, this system lights the pilot only when you turn it on to help save energy.

And, with automatic battery back-up, you can be assured of fireplace operation even if the power goes out.

Look for Total Signature Command™ on select models, featuring the exclusive Smart Mode® thermostat for enhanced energy efficiency, rear burner shut down and more!

Learn more about Signature Command™ options on the back cover.

*Available with select fireplaces. Signature Command™ not available with the Lexington Fireplace.

DVBH SERIES SUPERIOR EFFICIENCY

With a CSA rating of 85%, this fireplace provides an efficient source of heat for almost any room. A host of design options allow you to personalize the look of your fireplace.

EXCLUSIVE LEXFIRE BURN SYSTEM™

So realistic, you'll forget it's not real wood.

Featuring:

- Glowing, hand-carved logs
- Bright yellow flames
- Realistic ember bed
- Unparalleled flame pattern and realism {the hallmark of the LexFire Burn System™}
- Precise combustion and airflow

Visit majesticproducts.com to learn more about the LexFire Burn System™!

LEXINGTON

IMPRESSIVE REALISM

Enjoy the most realistic gas fire available, thanks to the exclusive LexFire Burn System.™ Featuring varying flame height and glowing logs, it mimics the natural progression of a wood burning fire for a truly authentic presentation. Plus, the Lexington Series offers unique finishing options to complete your look.

Lexington shown with Lexington Arched Front in Textured Black with Vintage Iron Fire Screen Doors

MARQUIS

CRYSTAL-CLEAR VIEW

This fireplace's clean face design and wide-open flame presentation is an impressive addition to any room. Non-reflective ClearView ceramic glass provides an unobstructed view of the fire's glow from any angle, while the included accent light complements the beautiful design. In addition, rear burner shut off reduces BTUs, so you can enjoy the beauty of the fire without as much heat on milder evenings.

Control System	Total Signature Command™ also available in Millivolt Control	Total Signature Command™

Note: Millivolt units have a manual control dimmer for the accent light.

MARQUIS SEE-THRU

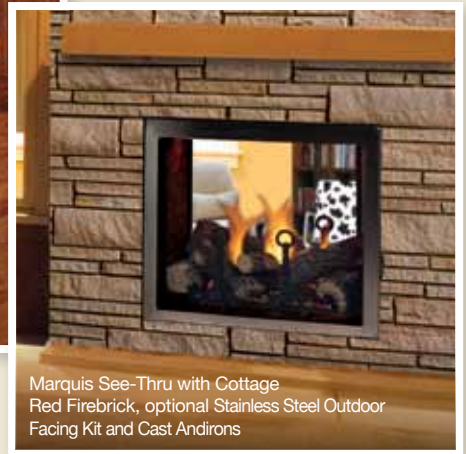

TWO ROOMS, ONE FIREPLACE

This specialty option gives you the ability to enjoy the beautiful, clean-face design of the Marquis fireplace from two rooms at once. Two non-reflective ceramic glass sides provide a "pass-through" effect, while the ability to install on an exterior wall allows you to add a dramatic effect to both indoor and outdoor settings. For ambiance without as much heat, use the center burner shut off to reduce BTUs.

PEARL DESIGNER SERIES

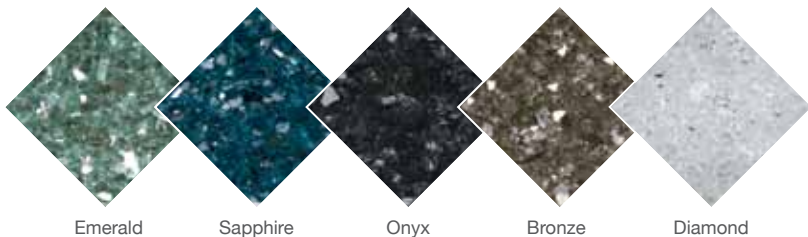

STUNNING FROM ANY ANGLE

With three different configuration options – See-Through, Corner and Peninsula – the Pearl Designer Series adds a dramatic accent to any room, no matter how you look at it. Each style provides an expansive view of the fire from multiple sides, while interior options like contemporary glass, stone and light kits transform your fireplace into a statement piece, even when it isn't lit.

ECHELON

THE LATEST IN CONTEMPORARY DESIGN

Offering the very latest in contemporary styling, the Echelon is truly a designer fireplace, featuring a linear format and beautiful ribbon flame. Accented with unique finishing options like our gorgeous Stainless Steel Surround, this fireplace is truly a work of art. And with our Glass Illumination Light System, the Echelon is eye-catching even when it isn't lit.

Echelon shown with Contemporary Stainless Steel Surround and optional Aged Driftwood Log Set

ECHELON SEE-THRU

UNPARALLELED LUXURY

Combining the Echelon fireplace's contemporary, wide-open style with the dynamic look of a see-thru fireplace, this is the ultimate in luxury design. Plus, it can be installed between two interior rooms or on an exterior wall, making it the only linear fireplace on the market to offer this versatile installation feature.

ULTIMATE CONVENIENCE AT YOUR FINGERTIPS

Our direct vent gas fireplaces offer two **Exclusive Signature Command™ Systems**.
Discover the level of control that's right for you!

Signature Command™ System

An A/C adaptor is included; however, unlike competing control systems that require A/C to function, the Signature Command™ system can be installed where no power is available, making it more convenient than ever to enjoy the fire.

Featuring:

- ON/OFF 3-step variable flame height adjustment
- Automatic, uninterrupted battery back-up during power outages
- Pilot selection option — choice of cold climate standing pilot or the energy efficient intermittent pilot
- Memory shut off remembers your favorite setting the next time the fireplace is turned on
- Convenient diagnostic code indication lights
- Built-in remote receiver provides you the ability to easily add a remote control

Total Signature Command™ System

Enjoy the convenience of a technologically advanced and energy efficient fireplace control system!

Featuring:

All of the features included with Signature Command™

PLUS:

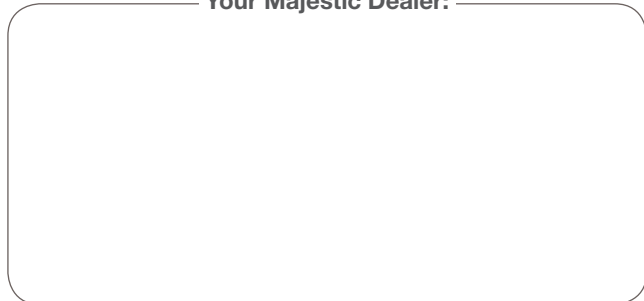

- Smart Mode® thermostat for enhanced energy efficiency — it automatically adjusts flame height and/or blower to maintain the desired temperature, using only the energy it needs to help save on fuel costs.
- TSFSC Full Function Touch Screen remote control
- Rear burner shut down feature lowers heat output as much as 70% for ambiance when heat is not needed (on select fireplaces)
- A/C accessory model for added control features, like household lighting, waterfall feature, and more!
