

# SYMMONS® Oxford™

the smart choice™

Inspired by Old English Heritage, the Symmons Oxford™ tub and shower system is an original design perfect for a traditional environment or to add a traditional accent to a contemporary setting. Every Symmons Oxford™ tub and shower system features the legendary Symmons Temptrol® pressure-balancing mixing valve. Constructed of solid brass, bronze and stainless steel, and featuring a piston that adjusts automatically to instantly and continually equalize or “balance” the hot and cold water pressure as demands are made elsewhere in the plumbing system. Symmons Temptrol® puts an end to “Shower Shock” and provides a safe, comfortable shower every time.

Symmons Oxford™  
is available in  
these finishes:

Polished  
Chrome

Radiance®  
Satin Nickel  
(STN)

Oil Rubbed  
Bronze  
(ORB)

**4201**
