

COZY Vent-Free Heaters

Cozy Comfort...with our Warmest Regards!

COZY offers ten (10) models of **Vent-Free Heaters**. Seven (7) **Infrared** units ranging from **5M BTU to 30M BTUs** and three (3) **Blue Flame Heaters** ranging from **10M BTU to 30M BTU** capacities. Vent-Free units combine **99.9% efficiency** with an **O.D.S. (Oxygen Depletion Sensor) pilot**, guaranteeing safe and dependable heating — **even during a power failure!** These high-performance units can be used to heat any room/zone, or serve as back-up to an electrically dependent primary heat system, at **one-third** the cost of electricity!

Utility and dependability are the by-words, with 5/5.5M, 10M, 20M, and 30M BTU manually operated units (Infrared only) and six built-in thermostat units ranging from 10M, 20M and 30M BTUs. All **COZY** Vent-Free units may be wall mounted; with an **optional freestanding floor kit** (for the 10M, 20M & 30M) and **thermostatically controlled blower** available (for the 20M and 30M BTU units only).

COZY Vent-Free units feature the additional convenience of **matchless piezo ignition** and **top operated controls**. Their **neutral bone color, heavy gauge, textured steel cabinets** are enhanced by a **contrasting porcelain hearth and jamb assembly**, and **safety guard**. COZY is truly a stylish addition to any setting!

Performance Proven Features

10 Models to Choose From... 5,000 to 30,000 BTU

- **Optional Thermostatic Blower** – mounts at unit rear to circulate heated air and prevent heat stratification (20M & 30M BTU units only). Shipping weight – 4 lbs. Operates at 50 CFM on 115V.

- **Optional Freestanding Floor Kit** – for 10M (VF10 FSK), 20M (VF20 FSK), & 30M (VF30 FSK) BTU units only. Allows away-from-the-wall installation. Shipping weight – 2 lbs.

- **Top Operated Controls** – facilitates “no stoop” operation.

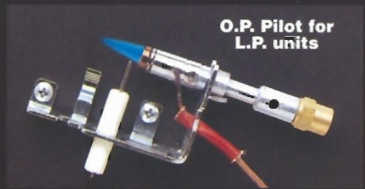

VFT/BFT Top Control

VFM Top Control

- **Piezo Ignitor** – requires no matches to light unit.
- **Textured Steel Cabinet** – resists scratching and cleans easily with a damp cloth.
- **Porcelain Hearth & Jamb Assembly** – resists heat discoloration, cleans easily with a damp cloth.
- **Optional Gas Line Inlet Openings** – at unit rear and bottom for easy installation.
- **Standard Wall Mount Bracket** – with each unit facilitates installation.
- **Removable Lower Front Panel** – provides easy access for service and cleaning.
- **Front Safety Guard** – prevents direct burner contact and injury.
- **Thermostatic Controls** – are factory installed on 10M, 20M & 30M BTU models for further operating convenience.

- **100% O.D.S. Safety Pilot** – assures safe operation and guards against oxygen depletion or gas flow interruption.
