Each Stiebel Eltron Tempra® is available as a "B" model and a "Plus" model.

Tempra® Plus models feature our exclusive Advanced Flow Control™ which maintains desired set temperature by automatically tempering flow rate if hot water demand temporarily exceeds capacity.

Stiebel Eltron invented this feature and we are the only tankless electric manufacturer to offer it. There's never a cold water "surprise" with Tempra® Plus.

Each Stiebel Eltron Tempra® is available as a "B" model and a "Plus" model.

Tempra® Plus models feature our exclusive Advanced Flow Control™ which maintains desired set temperature by automatically tempering flow rate if hot water demand temporarily exceeds capacity.

Stiebel Eltron invented this feature and we are the only tankless electric manufacturer to offer it. There's never a cold water "surprise" with Tempra® Plus.
