

M922991-0020A & M922992-0020A Shown

FEATURES & BENIFITS:

- **Less Water:** 1.0 gpm maximum flow rate delivers 55% water savings (when compared to standard 2.2 gpm).
- **Superior Performance:** Pressure compensation provides a constant flow throughout the entire pressure range.
- **Lead Free:** Complies with CA AB1953 and VT S152

MODEL NUMBER:

- ❑ **1.0 gpm / 3.8 L/min Pressure Compensating Aerators**
 - M922991-0020A: 15/16" Male
 - M922992-0020A: 55/64" Female
- ❑ **1.0 gpm / 3.8 L/min Pressure Compensating Vandal-Resistant Aerators (with Key) - Used in V10 modifications**
 - M922996-0020A: 15/16" Male
 - M922997-0020A: 55/64" Female
- ❑ **1.0 gpm / 3.8 L/min Pressure Compensating Non-Aerated Laminar Flow Outlet - Used in L10 modifications**
 - M922890-0020A: 15/16" Male
 - M922891-0020A: 55/64" Female
- ❑ **1.0 gpm / 3.8 L/min Pressure Compensating Vandal-Resistant Non-Aerated Laminar Flow Outlet (with Key) - Used in LV10 modifications**
 - M922892-0020A: 15/16" Male
 - M922893-0020A: 55/64" Female
