## **CORE ITEMS**

9 Specialty Categories • 1,300 Associated Items

### **You Need It.**

With over 18,000 SKU's, we understand that shopping Jones Stephens' catalog can be a little perplexing. In fact, we've heard it over and over and we took it to heart! We simplified your selection by identifying 134 CORE items that Jones Stephens HAS that you absolutely NEED! **We didn't get rid of anything**; we just simplified the buying process for you! We identified the core items that you are more than likely already buying and listed the associated items for each.

### **They Want It.**

Associated items are the every day items that not only you, but they (your customers) ask for. Here's an example: our C27150 – 1-½ Closet Spud is a core item which has 16 associated products. The associated list outlines other sizes and styles that maybe you didn't know Jones Stephens offers, but should have in stock.

### **We Got It.**

You already buy these core products, but unless you're buying from Jones Stephens, you probably can't get them all from ONE company. Jones Stephens offers a consolidation advantage with all 134 core items being competitively priced. With no minimums, fast shipping and the best customer service around, we're determined to make your customer experience with Jones Stephens a great one!
