Water-efficient 1.28 gallon flush, this water-efficient toilet flushes the wastes in no time! Because of its white finish and simplistic style, this toilet can match with any bathroom theme. This ProStock toilet tank and bowl set can provide you with a longer service life because of its porcelain china construction. It doesn't rust and has a good level of impermeability so there are fewer chances of leaks! With its two-piece design, installation becomes fast and easy.

This practical toilet comes with a tank and a bowl.
