

CEFIONTECT™ CLEANING INSTRUCTIONS

WHAT IS CEFIONTECT?

CeFiONtect glaze is TOTO's patented super-smooth permanent glazing that prevents debris from sticking to surfaces. Toilets and lavatories are made of ceramic - a porous material that allows mold and particles to stick to the surface creating stains, scaling and build-up. CeFiONtect glaze, along with regular cleaning, will keep your TOTO products in pristine condition.

No CeFiONtect

With CeFiONtect

DO'S & DON'TS

For regular cleaning of your TOTO product with CeFiONtect

DO...

- Use a mild dish detergent to clean your lavatory.
- Use a gel-based toilet bowl cleaner.
- Use a soft cloth to clean your lavatory.
- Use a soft-bristled plastic brush to clean your toilet.

DON'T...

- Don't use cleanser, polishing powders or detergents that have gritty or coarse particles.
- Don't use bleach, chemical thinners, or products that include acid or alkaline detergents in their ingredients.
- Don't use metal scrub brushes or steel wool.

Following these cleaning instructions will ensure that the CeFiONtect glaze on your product will remain in tact, keeping your TOTO product beautiful for years to come.
