

ALUMINUM TRASH PUMP

APPLICATIONS

Ideal for high volume water* transfer and construction grade dewatering applications. Can handle liquid slurries containing sand, small rocks, and other debris less than 1-1/4" in diameter.

FEATURES & BENEFITS

- Powered by 208cc 4 stroke air-cooled OHV engine
- Removable aluminum outer casing with cast iron inner volute and impeller for durability
- Silicon carbide seal for abrasion resistance and trash application
- Handles up to 1-1/4" solids
- Includes heavy-duty roll frame
- EPA certified

**Not to be used for applying driveway sealant.*
