

TEE CAP RETAINER

- The Universal Tee Cap Retainer secures the tee cap on the bottom side of an Insulated Tee.
- It can adjust to fit all chimneys ranging from 5"-8" in diameter. Required when Insulated Tee is suspended below a Universal Wall Support or Universal Extended Wall Support.

Size	Product No.	Part No.	Pack
5" to 8"	2002530	UTCR	1

CEILING SUPPORTS

- The Finish Support Package (FSP) is available with a square trim plate in 6", 7" and 8" sizes.
- The FSPR has a round trim plate and is available in a 5", 6" or 8" size.
- The Ceiling Support (CSP) in 10" size is unpainted and comes with a square trim plate only.
- With proper framing, all ceiling supports assure at least 2" minimum clearance to combustibles at the support level and can carry up to 50' of vertical chimney height.
