PS89241M Press Tool

The **ProStock PS89241M 18V Press Tool** delivers professional-grade performance for copper and steel pipe installations. Powered by Milwaukee's M18 battery platform, this cordless hydraulic press tool combines power, precision, and reliability. It's designed to streamline plumbing connections, replacing traditional soldering for faster, cleaner, and safer joints.

Key Features & Benefits:

- **High pressing force** of up to 7,200 lbs ensures consistent, leak-free joints.
- **Wide pressing range** (1/2"–2") covers most residential and commercial needs.
- Calibration every 50,000 cycles for **long-term reliability**.
- **Compatible with Milwaukee M18 batteries** — convenient, widely available power source.
- Lightweight cordless design for **jobsite mobility and reduced fatigue**.
