Shower Innovations

Form is nothing without function. Which is why we never stop creating innovations to make the bath space more efficient, more intuitive and ultimately, more indulgent.

By controlling water's shape, velocity and thermal dynamics, H₂Okinetic® Technology provides the warm, luxurious feeling of a high-flow shower while using a fraction of the water.

Flush-mount body sprays provide a streamlined look yet extend automatically and can be adjusted 50 degrees in any direction.

HYDRATI® 2|1 HANDSHOWERS
