

Multi-Tool Accessories

Description	Part #
 3-1/4" Round Saw Blade BiM-TiN Titanium Nitride (TiN) coated teeth for increased performance and improved durability Applications: - Plunge cutting in sheetrock™, plasterboard (installing electrical outlets) - Cutting crownmolding, case & base, wood flooring, wood trim	A-95168
 3-1/4" Segmented Saw Blade High carbon steel (HCS) for more aggressive cutting Applications: - Plunge cutting in soft and hard woods (installing vents on wood floors) - Flush cutting wood (case and base) - Cutting off plastic pipe (PVC) to length	A-95227
 1-1/4" Plunge Blade Bi-metal (BiM) construction for increased performance and improved durability Japanese tooth style for improved flush cutting Applications: - Plunge cutting in soft and hard woods (installing vents on wood floors) - Flush cutting wood (case and base) - Flush cutting wooden components (cutting dowels and tenons to length)	A-95255
 1-1/4" Plunge Blade High carbon steel (HCS) for more aggressive cutting Applications: - Plunge cutting in soft and hard woods (installing vents on wood floors) - Flush cutting wood (case and base) - Flush cutting wooden components (cutting dowels and tenons to length)	A-95277
 2" Scraper High carbon steel (HCS) for more aggressive applications Applications: - Removing soft carpet adhesive residues - Removing paint residues - Removing silicone joints from glass windows and doors	A-95342
 3-1/4" Grout Removal Blade Tungsten Carbide 30 Grit for aggressive material removal TC grit for increased performance and improved durability Applications: - Routing joints on walls and floor tiles - Smaller cutouts in soft wall tiles	A-95386
 3" Scraping Plate Tungsten Carbide 30 Grit for aggressive material removal TC grit for increased performance and improved durability Applications: - Removing mortar or tile adhesive (e.g. when replacing damaged tiles) - Removing carpet adhesive residues from a mineral surface	A-95401

Description	Part #
 Sanding Pad 6-hole design engineered for increased dust extraction Multi-purpose sanding pad to be used with hook-and-loop sandpaper Applications: - Detail sanding and hard to reach areas - Paint removal on wood and metal surfaces	A-95423

Grit	Qty.	Part #
# 80	10	A-95526
# 100	10	A-95744
# 120	10	A-95532
# 150	10	A-95750
# 180	10	A-95548
Assortment	10	A-95853

Sandpaper
High-quality aluminum oxide grain
Open-coat grain distribution and resin glue coating reduces grain clogging and improves finish on wood surfaces
6-hole design engineered for increased dust extraction
Applications:
- Sanding on hardwood, softwood and other building materials - Ideal for use on bare wood, paint, varnish, fillers, plastic and other materials

Description	Model	Part #
 Dust Extraction		
NEW Dust extracting attachment	TM3010C	196550-2
NEW Dust extracting attachment	LXMT02	195965-0
NEW Dust extracting attachment	XMT03	196765-1
