

THERMO-HVAC THERMOPAN[®]

ALL THERMO-PAN IS FIRE-RESISTANT

All the benefits of THERMO-PAN but now fire-resistant to meet your fire blocking needs.

The residential return air panning standard.

FIRE-RESISTANT THERMO-PAN[™] is a high-quality "No Noise" sheet metal alternative for constructing return air ducts.

- No duct noise
- Satisfied homeowners
- Excellent for open web trusses
- Lightweight and easy to install
- Will not sustain combustion
- Airspace created provides R-Value = 5
- No shop fabrication and no cut hands
- Four (4) precision pre-cut header sizes available
- Code compliant (see below)*

* IRC (International Residential Code) R602.8, item 4 Fireblocking is required "at openings around vents, pipes, ducts, cables and wires at ceiling and floor level, with an approved material to resist the free passage of flame and products combustion."
